Your Smile. **Our Priority.**

Trusted dental care for families

25+ Years in Community

100% Family-Focused Care

Meet Acacia Dental Surgery

Acacia Dental Surgery has served the Coolalinga community and the wider Darwin region. We are a trusted family dental practice built on three things: clinical excellence, affordable pricing and genuine care for our patients.

Our team of experienced dentists and support staff create a calm, welcoming environment. Whether you are six or sixty, first-time visitor or long-term patient, you will always feel at ease here.

Patient-First Philosophy

Your comfort and confidence guide every decision we make.

Affordable, Transparent Fees

Preferred provider status means greater rebates and capped costs.

Extended Hours

Late appointments available, because we work around your life.

Whole-Family Dentistry

Preventative, restorative and cosmetic care for every age group.

Comprehensive Dental Care

Everything your family needs, all under one roof. From your first check-up to complete smile transformations, Acacia Dental Surgery delivers it with skill and care.

General Dentistry

Routine check-ups, cleans, X-rays, fillings, extractions and gum care. Prevention is always the best treatment.

✓ Stops problems before they start

Cosmetic Dentistry

Teeth whitening, porcelain veneers and smile makeovers. Confidence-boosting results, delivered with precision.

✓ Brighter, more confident smile

Orthodontics

Invisalign clear aligners and traditional braces. Straighten your teeth discreetly and effectively at any age.

✓ Straighter teeth, less discomfort

Dental Implants

Permanent tooth replacement that looks and feels completely natural. A long-term investment in your oral health.

✓ Restore your smile for life

Restorative Dentistry

Crowns, bridges, dentures and root canal treatment. We bring damaged or missing teeth back to full function.

✓ Rebuild strength and appearance

Emergency Dental

Urgent dental care during clinic hours. Call us immediately and we will do our best to see you the same day.

✓ Fast relief when you need it most

Care That Puts You First

At Acacia Dental Surgery, you are never just a number. Our team takes time to listen, explain and personalise every visit. Anxiety about the dentist? We understand. Our gentle approach changes minds one appointment at a time.

2

Comprehensive Exam

X-rays and personalised assessment

3

Clear Treatment Plan

Costs and options explained upfront

4

Ongoing Support

Follow-up care and prevention advice

Transform Your Smile

Some treatments do more than fix problems. They change how you look, how you feel and how you move through the world. These are the treatments our patients love most.

Teeth Whitening

- Noticeably whiter in one visit
- Safe, clinically proven process
- Results last 12 to 24 months
- Perfect pre-event treatment
- Take-home kits also available

Invisalign

- Clear, removable aligners
- No food restrictions or wires
- Straighten teeth in 6-18 months
- Suitable for teens and adults
- Digital progress tracking

Dental Implants

- Looks and feels like a real tooth
- Titanium root fused to jawbone
- Preserves surrounding bone
- Easy to clean, built to last
- Ideal for single or multiple gaps

Why These Treatments Work

Each of these procedures is performed by experienced clinicians using up-to-date techniques. We take time to assess your suitability, explain your options and support you through every stage.

Modern Care, Maximum Safety

Our clinic is bright, clean and equipped with contemporary dental technology. Held to the highest safety standards, every treatment room is built for your comfort and our team's precision.

Fresh Equipment

All instruments sterilised to Australian standards after every use.

Digital X-Rays

Up to 90% less radiation than traditional film. Results in seconds.

Safe Environment

Infection control protocols exceed national health guidelines.

Intraoral Cameras

See exactly what your dentist sees. Better understanding, better outcomes.

Comfortable Chairs

Ergonomic dental chairs designed for relaxation during treatment.

Precise Planning

Detailed records and digital charting for consistent, trackable care.

Simple Tips for Healthy Teeth

Great dental health does not start in the chair. It starts at home. Follow these six habits and your smile will thank you long before your next appointment with our Coolalinga dentist.

1

Brush Twice a Day

Use a soft-bristle toothbrush and fluoride toothpaste.

2

Floss Daily

Flossing removes plaque and food from between teeth where brushing cannot reach.

3

Limit Sugar and Acid

Sugary drinks and acidic foods erode enamel over time.

4

Stay Hydrated

Saliva is your mouth's natural defence.

5

Protect Your Teeth

Wear a mouthguard during contact sports.

6

See Your Dentist Twice a Year

Regular check-ups catch issues early, saving you time and money.
